

SUPER IMPORTANT LOCO INFORMATION

Your tiny tennis shoe is your race baton. Be sure to pass this off to the new runner at every checkpoint. We will ask to see it at the finish line (you can keep it as a keepsake after you show it to us...feel free to decorate your tiny tennie).

Bathroom Locations: 

Start and Finish Lines,

Leg 5 (on your right, along the road that parallels HWY 89),
Legs 6 & 7 (on your right, in the parking lot, mid point on each leg).

If you need to use the bathroom anywhere else, please do so responsibly. Dig a hole OFF of the road/relay route and bury your waste. PLEASE do not go poop on the road...PLEASE do not leave waste exposed.

Aid Stations Are Basic, some with water only. Some stations will have snacks but they are not meant to sustain runners through the duration of the race. Please bring enough food in your van to fuel you for the entire day.

There will be water, electrolytes, sandwiches and chips at aid station 7.

✚ Medics are located at start/finish line and aid station 7. ✚
There may be a roving medic.

Cell service for some on legs 5, 8, & 9.
Cell service for most on legs 6 & 7.
